

HB 1896-S - DIGEST

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that, by December 1, 2007, the department shall conduct a comprehensive survey of all geoducks and sea cucumbers that exist in the Hood Canal. The survey must include all levels and depths of the Hood Canal. The mapping in the survey shall be done in grids, the size of which shall be determined by the department.

Expires July 1, 2008.
